

# Master's Programme in Church Music

LUND UNIVERSITY | SWEDEN

- Master of Music in Church Music
- 2 years, full-time, 120 ECTS credits
- The Malmö Academy of Music
- Malmö campus
- Application deadline: January 2024
- Programme start: August 2024

## PROGRAMME OVERVIEW

The Master's programme in Church Music aims to train musicians with excellent artistic, pedagogical and professional abilities.

After completing the programme students shall have well-developed knowledge, understanding and skills to be able to partake in various forms of professional work such as soloist work, as a member of a fixed ensemble or as a musician within a parish of the Church of Sweden or other congregations. Students shall also have developed the ability to study independently.

In addition, after completing the programme, students shall have acquired thorough entrepreneurial skills that increase their professional versatility in an ever-changing ecclesiastical and cultural life.

The Master's programme in Church Music is two years in length. Students may have a number of teaching elements and projects in common with other students of church music or performance studies.

## ENTRY REQUIREMENTS AND HOW TO APPLY

### Entry requirements

Bachelor's degree in Music or equivalent and approved entrance examinations.

### How to apply

The applications to Malmö Academy of Music programmes takes place in two steps:

#### 1. Apply online and submit your supporting documents to University Admissions in Sweden:

- **Apply online:** Go to [www.universityadmissions.se](http://www.universityadmissions.se) and find your programme, the Swedish national application website. Click on "Apply" and rank the chosen programmes in order of preference.

- **Submit your supporting documents:** Check what documents you need to submit (i.e. official transcripts, degree diploma/proof of expected graduation, translations, proof of English, passport) and how you need to submit them at [www.universityadmissions.se](http://www.universityadmissions.se).

- **Pay the application fee (when applicable)**

**2. Entrance examinations:** The examinations usually take place in February/ March each year. Find further information about the application process as well as deadlines and audition instructions for your specialisation on [www.mhm.lu.se](http://www.mhm.lu.se).

### Selection criteria/additional info

Selection of students is based on entrance examinations.

### Tuition fees

Tuition fee SEK 190 000 per year for non-EU/EEA citizens. No fee for EU/EEA citizens. See [www.lunduniversity.lu.se](http://www.lunduniversity.lu.se) for details on tuition fees.

## ABOUT MALMÖ ACADEMY OF MUSIC

Malmö Academy of Music has an international profile thanks to established collaborations with reputable universities and music academies around the world, especially in the Nordic countries and Europe. We also have exchange programme for both exchange students and guest lecturers.

## ABOUT LUND UNIVERSITY

Lund University was founded in 1666 and is repeatedly ranked among the world's top universities. The University has around 45 000 students and more than 8 000 staff based in Lund, Helsingborg and Malmö. We are united in our efforts to understand, explain and improve our world and the human condition.

Lund is considered one of the most popular study locations in Sweden. The University offers one of the broadest ranges of programmes and courses in Scandinavia, based on cross-disciplinary and cutting-edge research. The unique disciplinary range encourages boundary-crossing collaborations both within academia and with wider society, creating great conditions for scientific breakthroughs and innovations. The University has a distinct international profile, with partner universities in approximately 75 countries.

Lund University has an annual turnover of EUR 892 million, of which two-thirds go to research in our nine faculties, enabling us to offer one of the strongest and broadest ranges of research in Scandinavia.

The establishment of the world-leading facilities MAX IV and European Spallation Source (ESS) will have a major impact on future scientific and industrial development in both materials

science and life science. MAX IV is the leading synchrotron radiation facility in the world while ESS will feature the world's most powerful neutron source when it will be fully operational by the end of 2027. These facilities together with the new University campus in Science Village will constitute a science complex and an international hub for research, education and innovation in which Lund University plays a central role.
